15 Bulls and 52 Females

# We Invite You to Atwood Farms

WE will be pleased to have you attend our auction sale of Shorthorn cattle on Monday, October 21st. At Atwood Farms, we make every effort to produce cattle on a practical basis. Because we wanted a type of animal that would thrive and prove profitable under average farm conditions, we began stocking our several farms with purebred Shorthorns nearly thirty years ago. With numerous additions of the best bred Scotch females that were available, the herd at Atwood Farms has grown to be the largest in the country. Our cattle are not pampered and their usefulness is never impaired through overfitting. We never use nurse cows because none are needed. We feed only the grain and roughage that is produced on our own land. We guard the health of our cattle by making annual tests for Tuberculosis and Bangs disease. Through such a system, we have found our Shorthorns to be prolific, rapid gainers and, at all times, thoroughly profitable.

In this sale we are offering 15 bulls and 52 females, all but two of our own breeding. None of them are over-fat but all of them are in exactly the kind of condition we like them to be when we are buying for ourselves. To those who are unable to fill their buying orders in the auction sale, we remind you that there are approximately 250 other females and 25 other bulls in the herd from which additional selections may be made. The cattle we offer are the kind that have made money for us. Again, we invite you.

GEORGE ATWOOD, Owner.

# A Few Reasons

Why You Should Attend the Auction  
Sale at Atwood Farms,  
Rockton, Illinois, on  
Monday, October 21st, 1940

---

There will be 15 extra good young bulls.

There will be 52 rapid producing and richly bred Scotch females.

Not one female in the sale will be over five years old.

Ten cows will have calves at foot. Others will calve shortly after the sale.

All but two animals in the sale were bred at Atwood Farms, where the largest Scotch Shorthorn herd in the United States is maintained.

The sale will include a number of grand young cattle from our successful 1940 show herd.

This sale will feature the get of these great sires, all of which are in service at present: IMPERIAL MASTERPIECE by Raveni Masterpiece; MILKY WAY ADVENTURER by Imp. Conland Neil; DREADNAUGHT DAWN by Dreadnaught Salute; and BROWNDAL BARON by Browndale Viceroy. A few heifers will carry the service of our great new imported bull SILVER COIN, bred by James Durno.

Over 350 head in this herd—all rapid breeders and liberal milkers. No nurse cows are used and no feed is ever consumed except that grown on Atwood Farms. The herd is T. B. Accredited and free from Bangs Disease by test.

A typical pasture scene at Atwood Farms. In five different pastures groups of deep bodied, heavy milking cows like this are to be found. All are members of choice Scotch families. All are rapid producers.

## General Information

---

The sale will be held at Atwood Farms, Rockton, Illinois, on Monday, October 21, 1940.

The sale will start at 12:30 P. M.

Lunch will be served at the farm by the ladies of the Roscoe Improvement Association.

Atwood Farms are located 10 miles North of Rockford, Illinois and 6 miles South of Beloit Wisconsin. The farm where the sale will be held is two miles due West of the town of Roscoe, Illinois, which is located on Federal Highway 51.

The terms will be cash unless other arrangements are made with the owner in advance of the sale.

The auctioneers will be J. E. Halsey and Carey M. Jones.

Those who cannot attend the sale may send mail bids to Hal Longley of The Shorthorn World; Tom Sherlock of the Corn Belt Dailies; or to either of the auctioneers.

The sale will be held under cover, rain or shine.

The Atwood Farms herd is Federally Accredited for Tuberculosis and free from Bangs Disease by test.

For those who are shipping long distances, we have a convenient railroad siding right on our farm.

The herd numbers over 350 head. If you cannot fill your order in the sale, you may make selections from 25 other young bulls and 250 other females in the herd.

A few of the thrifty young heifers that are to be sold in the sale at Atwood Farms. From left to right in this picture are members of the Village Girl, Nonpareil, Clipper, Rosewood, Crimson Flower, and Miss Ramsden families. Heifers of this kind have been profit makers at Atwood Farms. They will make money for you if you will buy them.

George Atwood maintains his large herd on a thoroughly practical basis. No herd in the country can boast a more perfect record of calf production. Excellent sires are used, home grown grains are fed and the health of the herd is carefully guarded. Farmers and breeders who are seeking well bred Scotch cattle that will turn the 1940 feed crop into quick profits will find this sale one of the best sources of supply. Bull buyers who do not fill their order in the auction sale may make selections from 20 other young bulls that are now being developed. Female buyers who want a larger number than they can secure in the sale will have access to some 250 females that are in the herd. If you are in the market for one or a carload of Scotch Shorthorns, attend this sale.

—Hal Longley of The Shorthorn World

## About the Atwood Farms Herd Bulls

---

Those who study the pedigrees in this catalog that show many generations of Atwood breeding will recognize at once that bulls of the strongest blood lines have been used at the head of this herd. At the present time, seven excellent stock bulls are in service. The pedigrees of these present sires appear on the following pages and it should be noted that they were produced in the country's leading herds and represent the most approved ancestry. Prior to the use of these present bulls, other great sires bred in such noted herds as Uppermill Farms, Macmillan & Macmillan, Thompson Farms, Countryman Stock Farm and J. F. Prather were used.

The latest addition to the herd bull battery at Atwood Farms is the great young bull, Silver Coin, recently imported from Scotland. He was bred by James Durno, Tarves, Aberdeenshire, Scotland. His sire was a son of the noted Calrossie Control and his dam was a direct daughter of the great Rosehaugh Mandarin.

The International grand chamion, Raveni Masterpiece. One of his best breeding sons, Imperial Masterpiece, is in service at Atwood Farms.

With plentiful supplies of feed, roughage and pasture everywhere, now is the time to buy a liberal supply of Shorthorn females. What better investment can be made than cows that will produce commercial calves that are worth from \$90.00 to \$125.00 at 12 months of age? Many of them will command even greater prices if marketed for breeding purposes. Cows and heifers capable of producing such calves are easily available at prices ranging from \$125.00 to \$225.00. There are many of them in this sale and more in the large Atwood herd if this sale does not provide enough. The time is ripe, Mr. Farmer, for real profits in the Shorthorn cattle business. Take advantage of your real opportunities. Buy now—in this auction sale.
